**St Nicholas Street Area  
Road Humps Notice 2018**

The Council's reasons for proposing to the road humps are as follows:-

As part of the ongoing highway improvements in the City Centre, it is proposed to improve access in the St Nicholas Street area for both pedestrians and cyclists

The proposed raised tables will increase the visibility of the crossing points at the junctions of St Nicholas Street with Queens Lane and Castle Garth, reduce vehicle speeds and, due to the carriageway being flush with the footway, assist pedestrians and cyclists crossing the junction.
