

STATEMENT OF REASONS

City of Newcastle upon Tyne (On Street Parking Places) Order 2009 (Nun Street Variation) Order 2017

The Council's reasons for proposing to make the above Order are as follows:-

There is currently very little general on street parking provision in the vicinity of the Grainger Market which results in customers to the market experiencing difficulties parking nearby when collecting larger products or goods.

A request has therefore been made that a small number of short term parking spaces be provided directly outside of the market. These spaces would give sufficient time for customers to collect larger goods from the market and will be advertised within the market as an 'informal' collection point.

The spaces will operate daytime only and the existing evening and overnight taxi parking in this location will be retained.

It is considered that the provision of these spaces will be of benefit to customers and reduce the need for vehicles to circulate around the pedestrianised zone to collect goods from the market.
