

# **STATEMENT OF REASONS**

**City of Newcastle upon Tyne**

**Traffic Regulation (Consolidation) Order 2009  
Haddricks Mill Road/Freeman Road/Killingworth Road Area Variation) Order  
2021,**

**(On Street Parking Places) Order 2009  
(Freeman Road Variation) Order 2021 and**

**Construction of Road Hump – Hunters Road / Back Station Road, Gosforth**

The Council's reasons for proposing to make the above Orders are as follows:-

Works are being completed at Haddricks Mill to improve the junction and congestion in this area. As part of these works it is proposed to introduce waiting restrictions and a raised table.

It is proposed to:

- Introduce a raised table on Hunters Road to encourage low vehicle speeds and to facilitate pedestrian and cyclist access in this location.
- Introduce double yellow lines (no waiting at any time) throughout the area to prevent indiscriminate parking which affects traffic flow, visibility and pedestrian access; and
- Shorten the permit parking bays on the west side of Freeman Road to reduce congestion on the approach to the roundabout and facilitate movements due to the introduction of a bus stop buildout.
