

## Blakelaw Annual Ward Priorities 2019-2020

Feedback from public consultation carried out between 30 July 2019 – 19 September 2019.

Residents were consulted in a variety of ways:

- Online (via Let's Talk Newcastle) – 5 responses
- By post (through flyer distributed to every household in the ward) – 2 responses
- Annual Ward Event – approximately 50 people

There was a consensus that the current ward priorities were still appropriate for 2019-2020.

- Environment – cleaner and greener
- Community safety
- Activities for children and young people
- Support to get people into training and employment

Feedback from additional comments	
Lack of up to date information on bus stops, should be electronic and real time	Need to address isolation
Need the bin back on Druridge Drive outside the church	Must remember North Fenham, not just focus on Blakelaw
Drug dealing and car racing is a problem for community safety	More litter bins needed
Litter and fly tipping are an issue	Anti-social behaviour around Blakelaw Park
