# A new multi-million-pound leisure centre is to be built in West Denton.

**Newcastle City Council have secured £19.8m to build a new leisure centre.**

When it opens, the centre will offer a sports hall, gym, café, library, community space and swimming pool. This large-scale investment in West Denton will offer the community lots of new opportunities for sport, recreation, and social activities.

We are very keen to hear your views on how this project could be shaped. We have organised a series of consultation events to hear from you and answer any questions you may have – but due to restrictions caused by the Omicron variant, we can only host these events online. They are as follows:

**Monday, January 24 at 10am and again at 6pm.**

To take part in the event visit:
