*New Pump Track*

*New track  
created for  
bikes scooters  
and skates  
Tarmac area  
retained for  
ballgames*

*Pump Track Option*

*A pump track is a circuit of rollers, banked turns and features designed to be ridden completely by riders "pumping" –generating momentum by up and down body movements, instead of pedaling or pushing. In addition to bikes, they can be used by skateboards and scooters and are accessible to wheelchairs. Pump tracks are relatively simple to use and cater for a wide variety of ages and rider skill levels.*

*PumpTrack Option*
