

Newcastle's Big Conversation

What you told us

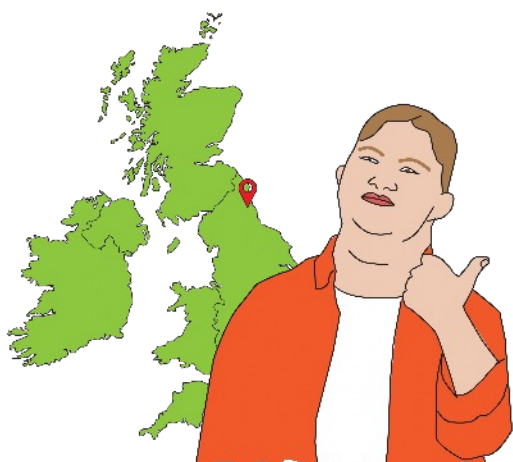

This is an EasyRead version of
Newcastle's Big Conversation 2026 Findings

What this is about

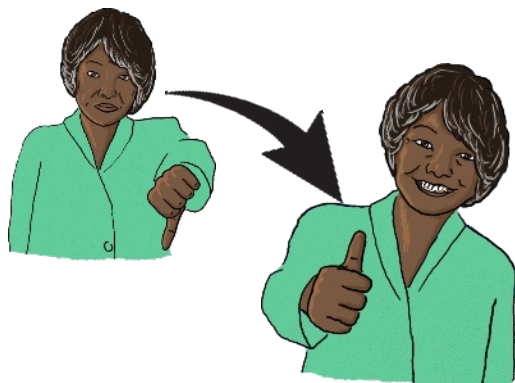

We are Newcastle City Council.

We wanted to know:

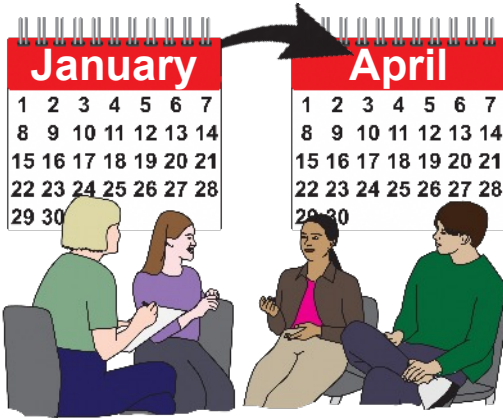

- What you are proud of in Newcastle.

- What could be better in Newcastle.

- What Newcastle should do in the future.

From January 2026 to April 2026 we used different ways to ask lots of people what they thought.

We called this our Big Conversation.

What you told us

- It is the people that make Newcastle special.

- You want Newcastle to be known across the world.

There should be publicity about what goes on in the city.

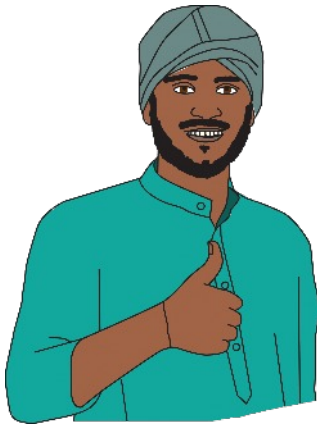

There should be more information about what Newcastle is like.

- You want spaces that are tidy, clean and safe to walk around.

- All council services are important. Services for children and adults are very important.

- You would like to help make your local area better.

The Council should start this but local people could say what needs to be done and work to make things better.

What happens now

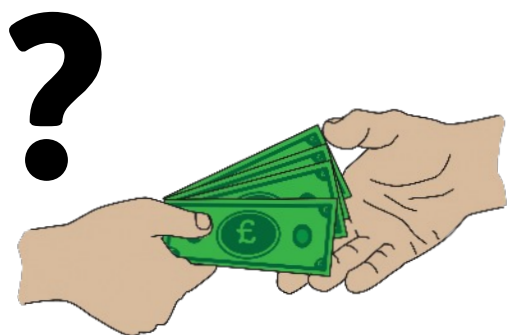

What you told us will help us write the Council Plan.

The Council Plan is our long term goals.

It will be ready later this year.

We will soon be asking questions on what we should spend our money on.
